Fuse Disconnecting Poles
Insulating Poles

INDOOR and OUTDOOR
Use in dry environment

One-section fuse disconnecting pole of Ø 40 mm with hand protector and MANEUVERING handle to open and close the hand-grip head.

Light and with an easy operation system it helps to extract fuses in a proper way.

Mod. BEF-9000/24

- Length: 1.07 meters
- For fuses with diameter from 30 to 90 mm.
- Working voltage: 24 kV
- INDOOR and OUTDOOR use in dry environment

Code	Ref.
625105	**BEF-9000/24**

Mod. BEF-9000/36

- Length: 1.72 meters
- For fuses with diameter from 30 to 90 mm.
- Working voltage: 36 kV
- INDOOR and OUTDOOR use in dry environment

Code	Ref.
625107	**BEF-9000/36**
